

CACC 2007-2008 Program

The Program and Club Committee worked with CACC clubs to establish four programs. Continuing the past practice, CACC clubs will take turns to organize the major programs. This will allow the club members to serve the community and also to reach out for broader membership.

We thank CACC Folk Dance Troupe for organizing the Moon Festival on 9/29/2007. We received many good feedbacks from the participants that they enjoyed the delicious foods, the performance program and the line dance.

The rest of the three programs are listed below. Please mark these date on your calendar. Detailed announcement for each event will be made as the time approaches. We sincerely invite you and your friends/guests to join us.
