Re: 2004 Chinese Festival**

This year's Chinese Festival is schedule on June 18, 19 and 20. Like before, Chinese Festival is promoting our cultural heritage, food, arts, music, Ku-fu and many our traditions. This year's theme for our festival is "TEA" arts, including preparing tea, drinking tea, tasting tea, and many others.

The success of Chinese Festival depends on supports from our members and friends. We hope that you can all get involved in the festival by volunteering time or donating money. We like to show our community in large our authentic foods, arts and crafts. If you like to participate in arts and crafts sale or home-made food sale, please complete the attachment form and mail to CACC office as soon as possible.

Let's work together and make this year's Chinese Festival successful and memorable.
